Description

DP100 set is well-balanced with a broad sound color range. Dominant Pro reacts immediately with a focused sound core and bell-like tonal character. High resistance to bow pressure and exceptionally powerful. Ideally suited for orchestra, chamber music and soloistic needs. Dominant Pro Strings Exceptionally powerful with a sound that fills the room. Superb balance of brilliance and warmth with a broad range of sound colors. Reacts immediately with a focused sound core and bell-like tonal character. Warmer and broader than Peter Infeld strings, with less tension. High resistance to bow pressure. Very high level of dynamics (can be played very quietly and very loudly) Ideally suited for orchestra and chamber musicians and soloists
